2024–present | Department of Geography, University of Kentucky

Instructor for in-class undergraduate classes and online graduate Digital Mapping program. Responsibilities include teaching and developing a curriculum using open-source and ArcGIS mapping software and libraries. Focus on lidar and web mapping applications.

Courses taught

- MAP 673 Design for Interactive Web Mapping
- MAP 672 Programming for Web Mapping
- GEO 409 Advanced GIS
- GEO 109 Digital Mapping

Lecturer, Geography

2018–2024 | Department of Geography, University of Kentucky

Courses taught

- MAP 675 Collaborative Geovisualization
- MAP 673 Design for Interactive Web Mapping
- MAP 672 Programming for Web Mapping
- MAP 671 Introduction to New Mapping
- GEO 509 Workshop in Geospatial Technologies
- GEO 409 Advanced GIS
- GEO 305 Elements of Cartography
- GEO 109 Digital Mapping

Example MAP 671 module from 2018

- Lesson: [Spatial Joins, Hexbins, and Heat Mapping](#)
- Lab: [Hex binning North American breweries](#)

Adjunct Instructor, Geography

2008–2018 | Department of Geography, University of Kentucky

Instructor for in-class undergraduate classes. Mapping courses focus on ArcGIS and Python and open-source GIS platforms. Created content for all courses.

Courses taught

- GEO 409 Advanced GIS
- GEO 399 Internships in Geography
- GEO 309 Introduction to GIS
- GEO 160 Lands and Peoples of the Non-Western World
- GEO 130 Introduction to Earth's Physical Environment

Example GEO 409 class project

- [Town Branch Trail](#)

Adjunct Instructor, Natural Resources and Environmental Science

2013–2017 | College of Agriculture, University of Kentucky

Instructor for field-based GIS applications. Course uses mobile GPS apps, ArcGIS, and Lidar and NAIP datasets to measure tree canopy and 3D attributes in our areas of interest. Created content for all courses.

- NRES 355 Introductory Geospatial Applications For Land Analysis
- FOR 330: GIS and Spatial Analysis

Example NRES 355 class project

- [Lexington Neighborhoods Tree Canopy Height Study](#)

Adjunct Instructor, Department of History, Languages, and Social Sciences

2006–2013 | Bluegrass Community and Technical College

In-class and online instructor for introductory geography classes.

Courses taught

- GEO 172 Introduction to Human Geography
- GEO 160 Lands and Peoples of the Non-Western World
- GEO 130 Introduction to Earth's Physical Environment

Workshops

- 2019-2020 [maptimeLEX series](#)

Co-organizer (with Rich Donohue) of monthly workshops on open-source mapping tools and techniques.

- "Maximizing Spatial Oomph: unleashing the raw power of monochromatic maps" (September 12, 2019)
 - "Regex to the rescue: repairing improperly encoded FIPS codes" (October 10, 2019)
 - "Wildcat eyes: harnessing remote sensing data in Kentucky" (November 14, 2019)
 - "Mapbox Studio does that? Yep!" (December 12, 2019)
 - "Where is your nearest love?" (February 13, 2020)
- 2017 "Fundamentals of QGIS" and "Raster processing and tileset creation with QGIS" Kentucky Association of Mapping Professionals Annual meeting, September 5.

- 2017 “Fundamentals of QGIS” and “Raster processing and tileset creation with QGIS” Kentucky Association of Mapping Professionals Annual meeting, September 5.
- 2017 “Introduction to QGIS Short Course” University of Kentucky Department of Geography and Kentucky Association of Mapping Professionals, June 27.
- 2016 “Map Making with QGIS” and “Learning the Basics of CARTO” Kentucky Association of Mapping Professionals Annual Meeting, October 18.
- 2016 and 2015 “UKy Summer Map Camp” University of Kentucky Department of Geography, Summer.
